

FORGET YOUR SORROWS AND DANCE!

The Berlin based reggae band Nyabinghia is proving to be a recipe for a sweet taste of the reggae experience. With a lively stage presence, infectious rhythms, and strong bass and keyboard arrangements, the multicultural band plays authentic reggae with hints of rock, funk, and world music added for flavor.

Playing an original setlist of songs, the members of this dynamic group encourage every audience member to just leave their worries behind, feel the music, and dance.

Lead singer and guitarist Iron Leo, with his smart lyrics and solos reminiscent of Hendrix, delivers a performance that promises to both move and bring out the hidden Rasta in all of us.
